By providing intensive language enrichment and articulation (sound correction), LEAP prepares a child with the skills necessary to successfully enter public school.

At the same time, development of social skills is encouraged through supervised play situations.

Parent involvement is essential to the LEAP program. Materials are provided so that parents can work with their children at home to reinforce the new skills learned in class.

How do I get my child into the LEAP program?

Any child may be referred to the program by an adult who cares about that child. Free screenings are available by appointment. Call the LEAP

program at the Western Arkansas Counseling & Guidance Center at (479)452-6650 for more information or to schedule an appointment.

These services are available at the Primary Service Center in Fort Smith only.

LEAP IS AN AFFILIATE OF SERTOMA FOUNDATION

Special assistance may be available for your child through Sertoma.
